## KIDNEY-WORT

THE NEW PATENT DUST-PROOF STEM WINDING OPEN FACE

CASE, MANUFACTURED BY THE AMERICAN WATCH CO.,

WALTHAM, MASS. This case is formed in one solid piece without strength and durability.

These Watches are all open face. The bezel, into which an extra strong crystal is fitted with an especially prepared water-proof cement, is attached to the case by screwing it thereon, and thus forms an air-tight junction with the body of the case, which is proof against dust and moisture.

To railroad men, travelers, miners, lumbermen and others who are almost constantly exposed and who have to make frequent reference to the watch, these qualities are of the utmost importance.

THE FOLLOWING LETTERS TELL THEIR OWN STORY.

VALDOSTA, GEORGIA, July 20, 1882. "I sold one of your Patent Dust Proof Cases about ten months ago, and the other day it came back to me with the request to make it wind easier. On examination I found that the stem was rusty, and I inquired into the cause of it. The gentleman stated to me that he was starting some saw-logs, when his chain caught in a bush and threw his watch into about twelve feet of water, and he was about two hours finding it. When he got it out it was running and he thought all right. In about three months he found that the stem was hard to turn and sent it to me.

I can say that the watch is all that the Com pany claims for it, and recommend it to al railroad and mill men.

B. W. BENTLY."

"CLINTON, IOWA, April 29, 1861. "I wish you would send me a spring for the Wm. Ellery Watch \* \* \* By the way this Ellery is a watch I sold in your Sorew Bezel Case to a farmer last fall. The first of January be lost the watch in the woods, and found it this week in about one foot of water. It had lain three mouths and over in show and water, with but slight injury to the watch-only a C. S. RAYMOND. hair-spring. The above were very severe tests,, and de-

monstrate beyond a doubt, that for any reasonable length of time during which a watch might be mader water, it would receive no injury We make these cases in both gold and aliver.

and a Perfectly Dust-Proof Stem Winding Watch Case, Challenge the World to Produce its Equal. For Sale of all First-Class Jewelers.
